Experience:

WEB DEVELOPER

JAN 2021 - 2025 [BAFSK MATH CLUB]

- Developed and launched a fully responsive BAFSK Math Club website using React and Tailwind CSS, integrated with Supabase Auth for secure member registration and role-based access.
- Built a dynamic event management and award submission system backed by a Python/Flask API and MySQL, enabling real-time workshop RSVPs, problem submissions, and judge feedback.

Intern

JAN 2023 - JULY 2023 [Webbattalion]

Former President

JULY 2020 - JULY 2021 [BAFSK MATH CLUB]

Cybersecurity EntuHsiast

Currently [CODEMANBD]

- Performed vulnerability assessments and penetration tests on web applications, remediating critical issues and documenting reports
- Set up a secured VPN and hardened Linux servers for club events, reducing unauthorized access attempts by 80%
